Transmission of Instructions

TigerWit shall agree in receiving instructions that have been transmitted only through the trading platform(s) or other electronic means determined by the Firm at the outset of the Client Agreement.

TigerWit shall, under certain circumstances, accept instructions by telephone or in person, provided that it is fully satisfied of (i) the client's identity and (ii) clarity of instructions; for further details read the 'Recordings of Telephone Calls' section of the Client Agreement.

TigerWit shall, at its discretion, confirm the instruction(s) received by the client if it deems that to be necessary.

The client accepts that the Firm bears no responsibility for any instructions that may be misinterpreted due to a technical or other error.

If margin is available in a client trading account, TigerWit shall execute all instructions, subject to any restrictions included in these Terms and Conditions. TigerWit accepts no liability for any loss, cost, claim, demand or expense arising from any instruction sent by error.

The client accepts that unless he/ she informs in writing TigerWit regarding the termination of the authorised representative, the Firm shall continue accepting instructions from the latter; such instructions shall be (i) valid and (ii) fully commit the client. In case the client needs to terminate the authorised representative, the former shall provide the Firm with a written notice of 2 (two) business days

The client accepts that once TigerWit receives instruction(s) for trading financial instruments such instructions are final and cannot be cancelled or deleted, except where the Firm expressly agrees in its sole discretion to such cancellation or deletion.

Quotes

TigerWit shall, at all times subject to instances outside the control of the Firm, transmit Quotes through the trading platform(s) that are executable according to the client's instructions.

On the basis of paragraph 21.2.4 of the Client Agreement, TigerWit shall determine at its discretion the Quotes that are executable and appear through the trading platform(s). The client accepts that he/ she shall disregard any bid and/ or ask prices quoted through any other system and/ or tool other than TigerWit's trading platforms.

The client accepts that TigerWit is solely responsible for determining the validity of the Quotes at any given time; therefore, the Firm reserves the right to send the client a re-quote, including but not limited to situations of high market volatility, if the former deems that to be necessary. Under the above-mentioned circumstances, the client may either accept or reject the re-quote.

Order Types

The client may send instructions for either:

an instant execution order; and/ or

a pending order.

For further details regarding the above, please refer to the TigerWit 'Order Execution Policy'.

It should be noted that the status of an order is available, at all times, through the trading platform(s). If the client is unable to access the trading platform(s) he/ she can be notified of the status of an order by contacting the Dealing Department by telephone on +86 400 809 8509.

It should be noted that:

- (i) if a pending order is executed at the next available price and as a result
- (ii) the stop loss and/ or take profit instructions are no longer within the levels referred to in the contract specifications - available online at <http://global.tigerwit.com> - the stop loss and/ or take profit instructions shall be cancelled.

The client understands that if conditions described in this paragraph materialise, a stop loss instruction attached to a pending order may not limit the client's potential loss to the intended amount given that TigerWit may be unable to execute at the declared price.
